Manager Connery of Hartford Team Suspended for Remainder of Season for Interference With Game Phillies Won Last Game with Pirates, When Magee Made Home Run With Bases Full-Red Sox New Pitcher Works Well.

Bristol. Conn., Aug. 24.—President William J. Tracy of the Connecticut league of baseball clubs tonight suspended Manager Thomas J. Connery of the Hartford team for the remainder of the season, He sent notification this evening to Mr. Connery and to Owner Clarkin of the club. President Tracy gives as his reason that this afternoon during the second game between Hartford and New Britain at the latter city. Connery ran out into the field in citizen's clothing, in violation of the league rules, to dispute a decision with the umpire, and, further, that Connery used abusive language to the umpire and by his action tended to incite riot.

GRAND CIRCUIT AT EMPIRE CITY Harvester, Driven by Geers, Does Remarkable Mile in Strong Wind.

New York, Aug. 24.—Followers of light harness racing enjoyed today another good day's sport at the Empire City track, when the best horses on the grand circuit will be seen during the remainder of the week. A stiff wind blowing down the back stretch retarded the horses somewhat, but good time was made in every event, each of which was on in straight heats. The Harvester, holder of the orld's trotting stailion record of 2.02, made last week at Buffalo, was the center of attraction. Driven by E. F. Geers, he won the first heat of the free for all in 2.08 1-2, and later when called upon to break his own record, he took the heat and race in 2.03, despite the retarding wind. Under the conditions it was a remarkable performance.

The Hungarian stallion Willy had no difficulty in winning the second division of the 2.16 class trot and Hailworthy followed up his last week's victory at Buffalo by capturing the Fleet wood stakes of \$2,500.

Fast Practice on Elgin Auto Course. Chicago Aug. 24—A large crowd saw fast practice over the Elgin automobile course today. Ray Hurroun lowered the practice record by making a lap, slightly over \$ 1-2 miles, in 7.12. The races will be run on Friday and Saturday with what is said to be the most representative list of stock cars over called out by a road race. The list of drivers is a distinguished one.

The star of the outfit is the three years old black filly Arona McKinney, out of Barona by Baron Wilkes 2.18. second dam Lou, the dam of Axtell (3), 2.12. She has trotted in 2.15 1-4, and can step an eighth in 15 seconds. Comely McKinney, now four, stepped in 2.15, and Boyd McKinney in 2.17 1-4. The latter is out of Grace Boyd, the ham of Grace Bond, 2.09 1-4. Bond, 2.09 1-4.

Horsemen are beginning to realize what they missed by not patronizing the lamented Bellini, 2.13 1-4, more the lamented Bellini, 2.13 1-4, more liberally. No two year old trotter ever beat a better fleid of that age so early in the season than did Necia, by Bellini, 2.13 1-4; dam Nettle King, 2.20 1-4, by Mambrino King 1249 at Detroit. Among those that she beat was the wonderful filly Miss Stokes (1) 2.13 1-4.—The Horseman.

fair decision would be to give a draw between them.

Since the passing of Hans Wagner, the mainstay of the Pirates, Bridwell and Tinker are easily the premier shortstops of the country.

To venture to say that the great Wagner is passing or going back will be considered a sucrilege, no doubt not alone in Pittsburg, but throughout the league circuit, but the fact remains that the awkward Dutchman is not "coming," even if many think he is not failing off.

But Wagner's record, both in fielding and batting, this season, is so far behind his remarkable showing in previous years as a Pirate that there must be a reason for it, and the most notable conclusion to arrive at is that age is telling on the old veteran.

Youth must prevail in athletics. There is no getting around that, and there have been more object lessons this year in baseball to prove it than in any previous season that I remember, Wagner's tumble from form to some came so suddenly it startled fandom. They both seemed to appreciate the wonderful ability of each other, and in every game of the four played there was a battle royal of shortstops.

From every angle of play the only fair decision would be to give a draw between them.

VERY LIMITED TRADING.

Wall Street Does Not Take Kindly To Taft's Tariff Programme. New York, Aug. 24-With trading in very limited volume teday's stock market was at times subjected to considerable pressure, and the outcome left prices of some of the more active issues from one to two points lower.

Much of the pressure seemed to emanate from the short interest, which sold heavily at the outcome and forced stocks to a level where further figuration was imminent.

Events dealing with the securities tarket covered a wide range and emraced firther proof of duliness in inbraced firther proof of duliness in industrial lines as well as an extreme likelihood of a further tariff revision. Although it is the avowed purpose of the administration to effect a revision with the modicum of disturbance to the business interests of the country. Wall Street did not take kindly to the programme and manifested its displeasure by selling stocks, first in London and then here.

The most encouraging news of the day was that the strike of the workers employed by the American Sheet

day was that the strike of the workers employed by the American Sheet and Tin Plate compeny had come to an end. This, however, was neutrelized by persistent rumors of further business stagnation, particularly in the steel and iron trade, together with circumstantial evidence that one of the largest of the independent companies in that line had ordered further curtainment of operations. An official estimate of the wheat and outs crop in western Canada fixed the combined yield at about 100 000 000 mesh bined yield at about 100,000,000 bush-els, and was followed by a sharp de-cline in Canadian Pacific shares. London sent in a lower range of quotations for our securities and early in the session responded with further losses, due to moderately heavy sales for European account. Foreign exchange advanced here again and gave color to the belief that gold shipments to South America will soon be approunced.

Advices from Montana and Idaho dealing with the forest fires in those states told of further loss of life and destruction of property which is sure to aggregate many millions of dollars. One of the subsidiary plants of the Amaigamsted Copper company is located within the danger zone and fears were expressed that this propery was in danger of complete obliteration.

A semi-official statement purporting to give the extent of the copper cur-tailment plan declares that output by the leading producers here and abroad for the current month will show a re-duction of almost 20,000,000 pounds

and that this diminution is to continue indefinitely.

The bond market was easy and without special feature. Without special feature. Total sales, par value, aggregated \$961,000.
